### Christmas

A very Merry Christmas to you all.

The last half of the year has been much more forgiving than the first half especially now the road works are all but over for us at our end of New Lynn.

The shop is decorated with two trees this year, our traditional upside down purple and red tree and the new addition a white tree with silver and turquoise, very pretty.

Its a very busy fun time putting together decorations for all the flower bouquets and arrangements.

### Poinsettia

The Poinsettia is traditionally known as the plant for Christmas with its beautiful bright red foliage.

Now available in other colours.

## Christmas giving

Christmas is a really nice time of the year to acknowledge the ones around you.

- A simple but classy way to give a gift of wine in the woven bottle basket.
- A long low table arrangement with candles for all the dinner party celebrations. This design can be changed to suit the needs of any table and occasion.
- A gift of Christmas goodies, different sizes and prices available. There's nothing in them I wouldn't eat myself.
- An elegant long lasting Phalaenopsis orchid. This is presented in a white ceramic pot. They flower for a very long time and in the right conditions will flower again and again.
- An arrangement of white seasonal flowers in a ceramic pot with seasonal foliage. This is an all round piece so can be enjoyed from every angle.
- Feel free to contact us and have a chat with our experienced designers about your individual Christmas gift requirements.

*"Sing hey! Sing hey!  
For Christmas Day;  
Twine mistletoe and holly.  
For a friendship glows  
In winter snows,  
And so let's all be jolly!

Watch out for the new Interflora TV and radio adverts.

Send in your Christmas tree photo to Moore FM and go in the draw to win a bouquet of flowers a month for a year.

Try your Christmas lights before putting them on the tree.

You can go around your tree or up and down each effect is great. Make sure you have plenty of lights.

When putting tinsel on let it loop a little and place a little away from the tips of the branches.

Fill every tip of each branch with your decorations the fuller you make it the more effective it will look.

Try different colour combinations. The top tree is orange and purple.

The next tree is a white tinsel tree with turquoise, blue and silver decorations.

The next tree is purple and gold.

Dear to be different and give the up side down tree ago.

Feel free to pop by and check out our windows.

Free advice given.
